

Environmental Policy

Commitment

FMe are aware of the impact their business has on the environment around them. With this in mind FMe aims where it is reasonably practicable to minimise this impact by reducing, reusing and recycling materials and resources.

All of our employees are aware of this policy and are encouraged to act in an environmentally conscious manner, taking responsibility for their own work areas.

Ethical Sourcing

FMe seek goods and services which;

- (i) Are produced and delivered under conditions that do not involve the abuse or exploitation of any persons.
- (ii) Have the least negative impact on the environment.

Measure/Reduce

Supplier agreements are continually reviewed for best value in addition to encouraging an open book policy in relation to cost and profit. All in-house operatives vehicles are fitted with tracking devices resulting in a 10% productivity increase/carbon emission reduction.

Added Value

FMe have chosen Wolseley groups Build Center as an environmental partner. Build Center has held 'chain of custody' certification since January 2004 and bs en iso 14001 since May 2005. Build Center have impressed FMe with their sustainable timber and environmental policies.
